

Looking back on the Art and Spirituality Network

November 2017

A warm place of creative exploration.
Stillness and movement;
Touchstones.

A simple, unjudged splash of colour.
Working without expectation,
we made discoveries .

Together and separate
upheld amid the struggle,
We made calm spaces for inspiration
and found God's messages.

Creative connections,
invited in - sometimes to lonely, unfamiliar places
to find beauty and love
and nurture for new growth.

Hidden treasures,
honouring diversity
Looking, we find gifts everywhere.

Great gratitude.
